URGENT: RESIDENTIAL BARGAINING UPDATE

Dear Brothers and Sisters,

Local 2041 has received a "No Board" report from the Ministry of Labour appointed Conciliator.

This means that Local 2041 will be in a legal strike position effective 12:01 am August 17, 2021. **This will affect all jobsites in the Residential High Rise and Low Rise Sector for Members of Local 2041.**

Local 2041 is committed to securing a fair agreement for its members. While progress has been made at the bargaining table, significant issues remain unresolved. The demands that remain outstanding include securing a fair rate increase for pieceworkers and other language in the Collective Agreement.

WHAT THIS MEANS FOR YOU:

Residential Members: If you are a member working in the residential sector, you are asked to contact the Local or a Rep if you have any questions.

ICI Members: Your Brothers and Sisters in the residential sector are counting on your visible support and solidarity. Please respect all picket lines.

The Union remains committed to reaching a fair deal at the bargaining table, if possible. Bargaining will continue over the coming weeks.

As difficult as a strike is on everyone, this action is necessary to ensure the future good health and livelihood of our members. We hope the issues will be settled soon, so we can get our members back to work as quickly as possible, should a strike action be required.

Please visit our website for more information, as it becomes available.

In Solidarity,

Ted Arbour,
Recording Secretary
CDC Local 2041
