

Please click on the following link: <https://ubc.vubizlearning.com>

You will need to make a new account with your UBC number after clicking on **“First Time User.”** You can find your UBC # on your training card or your working card. If not, you can contact the local.

Next, click on the **“Course Catalogue”** and look at the courses available in English. The Health and Safety option will bring you to the **“Health and Safety Awareness”** course.

Once you are finished, please send me a copy/screenshot of the certificate given at the end of the questionnaire. This can be found under **“My Completed Training.”** I will add the course to your file.

**P.S: Make sure you close the tab once you completed your training so you can be able to access under “My Completed Training”**
